

Steps for Connecting Lingnan Library Wireless LAN Service

(Lingnan Library) – Mac OS X

1. Make sure that your notebook computer's Wireless LAN has been turned ON.

2.

First Time Users	Subsequent Users
<p>A. Click the WiFi icon  and click the "Join Other Network".</p> 	<p>Click the WiFi icon  and select "Lingnan Library".</p> 
<p>B. In the "Find and Join a Wi-Fi network" dialogue box, type in "Lingnan Library" for Network name and set Security to "None". Click "Join" to continue.</p> 	

3. Click “Cancel” to close the pop-up windows.

4. After connecting to the Lingnan Library wireless network, open an Internet browser (e.g.: Safari), and enter any URL such as <http://www.library.ln.edu.hk>. The login page will be displayed. Please input the User Name, Password obtained from Integrated Helpdesk at the Chiang Chen Information Commons and click “Submit” to establish the Wireless LAN connection.
